**NOTICE OF INTERVENTION
UNITED STATES DEPARTMENT OF THE INTERIOR**

In response to the Federal Energy Regulatory Commission's (Commission) August 22, 2019, Notice of Application Accepted for Filing and Soliciting Motions to Intervene and Protests (Notice), and as provided in Rule 214(a)(2) of the Commission's procedural regulations, 18 C.F.R. § 385.214(a)(2), the Department of the Interior (Department) hereby files its Notice of Intervention in the Camp Far West Transmission Line Project (Project) subsequent license proceeding. The Department intervenes in this proceeding for the purpose of becoming a party. Pursuant to 18 C.F.R. § 385.214(a)(2), the Department of the Interior's Notice of Intervention, filed within the timing requirements set forth in the Commission's Notice, entitles the Department and its component bureaus to party status in this proceeding.

The Department has statutory responsibilities and represents national public interests that could be affected by the issuance of a subsequent license for this Project, including species listed under the Endangered Species Act, such as the vernal pool fairy shrimp. The protection of fish and wildlife species and their habitats, the protection of Native American rights and resources, the protection of public lands and national cultural and historic resources, and ensuring the effective and beneficial use of recreational resources are actions in the public interest. No other party or intervenor has such authority to represent these particular national public interests.
