Re: 2020 Continuation of Exemption from Filing an Emergency Action Plan (EAP)

Dear Mr. Burgess:

This is in response to your letter dated December 18, 2019 regarding the exemption from filing an EAP for a number of dams as listed in the enclosure for the Three Forks Project, FERC No. 10882. We have reviewed the submittals, and we have the following comments:

1. Please submit an emergency contact list and a statement that you have verified the accuracy of the information on the list. The list should include agency emergency contacts, FERC's contact numbers as provided in Enclosure 1 and a list of upstream and downstream dam owners who would be called during a flood event, if the dam is in danger of failing, or has failed.
2. Provide the date of when the field reconnaissance took place.

Within 30 days of the date of this letter, please provide a response to our comments or a plan and schedule to address our comments. We appreciate your continued efforts in this aspect of the Commission's public safety program. If you have any questions, please contact Mr. Thao Bui at (415) 369-3312.

Sincerely,

Frank L. Blackett, P.E.
Regional Engineer
